CERTIFICATE OF CONFORMITY

This Certificate assesses the conformity of the fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoints described in each Standard.

This Certificate also assesses the conformity of the fragrance mixture with the EU Cosmetic Regulation and provides additional restrictions in use as necessary. Cosmetic finished product manufacturers should evaluate the maximum level of use as communicated in both tables below and ensure that the lowest dosage specified for the required finished product is not exceeded.

This Certificate does not replace a comprehensive safety assessment of the fragrance mixture.

**Additional restrictions for preparations for children below 3 years of age	Not limited
**Additional restrictions for preparations for children below 6 years of age	Not limited

*Oral care products.
We do not manufacture fragrances that are suitable for use in oral care products such as, lip products, toothpaste, mouthwash, breath freshener, etc.

**Additional restrictions for preparations for children.
Certain ingredients are subject to additional restrictions in cosmetic preparations intended for children. When manufacturing a cosmetic product for use by children, the maximum use levels for the specific cosmetic application and the additional restrictions for preparations for children should be evaluated and the lowest concentration applied. If the additional restrictions for preparations for children states “Not limited”, the specific product type maximum use level must still be applied.
